

Snorri West could be for **YOU!**

The Snorri West program includes:

- Four weeks travel around Icelandic settlements in Ontario, Newfoundland and Labrador, Nova Scotia and Washington, DC
- Round trip fare from Iceland
- Accommodation and board
- Culture and history programs
- Sightseeing and recreational activities

Your host family will introduce you to people your age and treat you to local events.

Snorri West

**A cultural exchange
program for
Icelandic Youth
(ages 18 to 28)**

**Strengthening the ties
between Iceland &
Canada and the United States**

WASHINGTON D.C.

The exploration kicks off at the Icelandic Ambassador's residence at the 17 June celebrations with members of the local club. Then you will tour the local sites, including the famous Smithsonian museums, historic monuments and of course the White House. Enjoy D.C.'s largest destination for fashion, food and entertainment, Tyson's Corner Mall. At the end of this segment, spend a day relaxing at one of Virginia's many coastal beaches.

NOVA SCOTIA

See the settlement areas at **Markland** and **Lockeport** and revisit the sinking of the Titanic at the Maritime Museum in Halifax, while also exploring this dynamic seaside city and scenic province, including Peggy's Cove and the Swiss Memorial.

Imagine

Exploring the Canadian wilderness, swimming in its lakes, basking in the sunshine, kayaking, canoeing, sailing, and enjoying picnics and bonfires. But most of all, imagine experiencing the original Icelandic settlements and today's culture and sports of major cities and small towns of Canada and the USA, with new friends and relatives.

You will...

- meet Western Icelandic relatives
- make lifelong friendships
- improve your English
- attend local celebrations
- spend time with people your own age
- see where famous Icelanders lived
- be inspired to take 6000 pictures, like the participants in 2013!

ONTARIO

On to Kinmount, site of the first large influx of Icelanders, and **HEKKLA**, where some descendants still live and carry on the traditions. In **TORONTO**, club members will take you to Canada's Wonderland, the CN Tower, art galleries and nearby **NIAGARA FALLS**. Canada Day will find you in the nation's capital **OTTAWA** to join in the celebrations, see the famous Mounted Police Musical Ride and then tour this beautiful city, its rivers, canals and a famous art gallery.

NEWFOUNDLAND AND LABRADOR

A special treat awaits you at the recreated Viking Village in the World Heritage Site at **L'ANSE AUX MEADOWS**, as you explore the site of the birth of the first European child in North America circa 1000 AD, Snorri Thorfinnsson. See the evidence of the original settlement and take part in re-enacting this era.

Peggy's Cove, Halifax, Nova Scotia
